Quoteverse | HTML, CSS, Java Script

- Designed a simple platform to collect and display quotes in an organized way. Used HTML, CSS, and JavaScript for dynamic content updates and data rendering, keeping the layout consistent. Paid attention to UI consistency, clean typography, and accessibility so the collection is easy to navigate and enjoyable across devices.

To-Do List | HTML, Android Studio

- Built a space-themed task management app where users can add, edit, and complete tasks. Focused on creating a responsive UI design with smooth user interaction and state handling. Ensured the interface was clean, cross-browser compatible, and easy to use. Version control was managed through GitHub.
